High Strength Threadlocker RED Gel

Gel formula provides "liquid-reliability" without drips, globs, mess or waste. High strength threadlocker for heavy-duty applications. Especially well-suited for permanently locking studs and press fits. Adds 3,000 PSI holding power on slip and press fit assemblies. Replaces set screws and snap rings. Locks against vibration loosening. May require heat or special tools for removal.

Suggested applications:

Cylinder block and rocker arm studs, ring gear bolts, frame bolts, shock absorber bolts; also ideal for vertical applications.

The Right Stuff® 1 Minute Gasket

Seals instantly and fits any application. Just torque and go! This handy size package contains enough material to completely replace two or three large cut gaskets with long-lasting, black elastomeric formed-in-place rubber gaskets you custom fit to any shape or size. Ideal for all non-fuel sealing applications, 1 Minute Gasket is superior to most OE gaskets and fleet-tested to be leak-free in more than 5 million miles of heavy commercial use. Protects against leaks caused by vibration and thermal expansion. Temperature range -75°F to 450°F continuous, 500°F intermittent; resists ATF, coolant, oil and other shop fluids. Sensor-safe.

Permatex

Medium Strength Threadlocker BLUE Gel

Gel formula provides "liquid-reliability" without drips, globs, mess or waste. All-purpose, medium strength threadlocker. Ideal for all nut and bolt applications 1/4 inch to 1 inch (6mm to 25mm). Eliminates need for stocking expensive lock nuts and lock washers. Locks and seals while preventing parts from loosening due to vibration. Protects threads from corrosion. Removable with hand tools for easy disassembly.

Suggested Applications: Valve cover bolts, water pump bolts, oil pan bolts, drive shaft bolts, rocker arm adjustment nuts, carburetor studs; also ideal for vertical applications
