

**Interlux UV Protectant & Teflon® Wax Sealer**  
yachtpaint.com

Ultimate surface and wax protection from only one easily applied thin coat. Teflon provides ease of cleaning and a super low friction, non-stick surface, for ultimate protection against UV rays, water, dirt, grime, oil and salt. Can be applied directly to painted, fiberglass, wood and metal surfaces in good condition without wax. Helps keep new boats looking new. Reactive formula hardens after 24 hours providing protection for wax. One application can up to double the life of wax, second application can up to triple the life of wax.
